

# ENSF 337 - Lab 7 - Fall 2018 Solutions

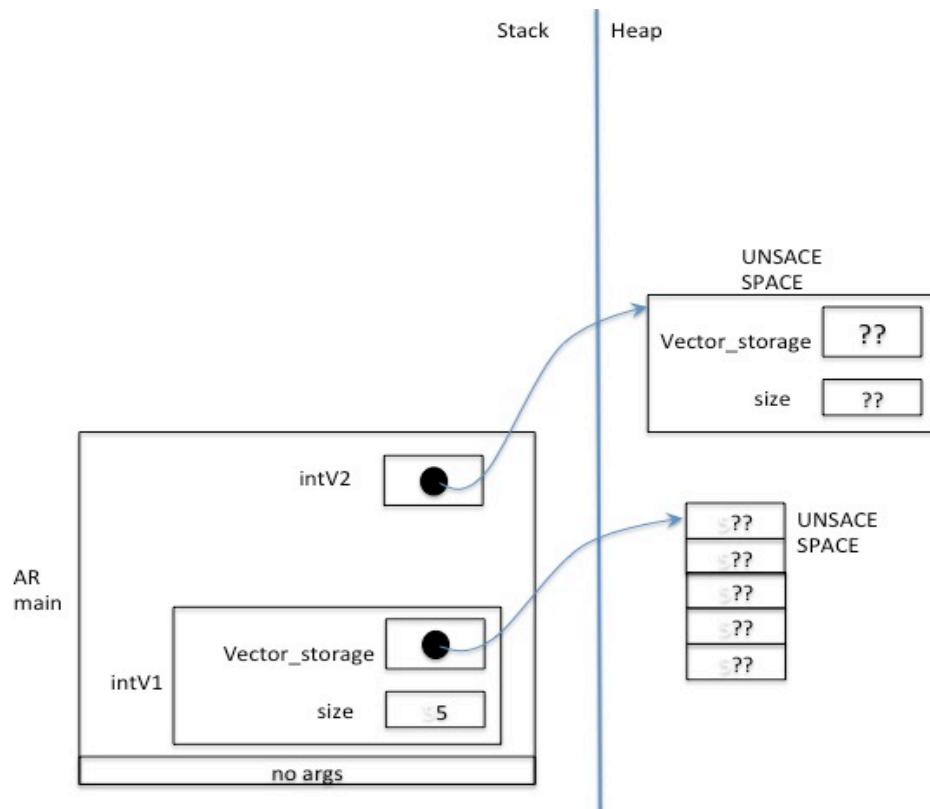

## Exercise A: Point one

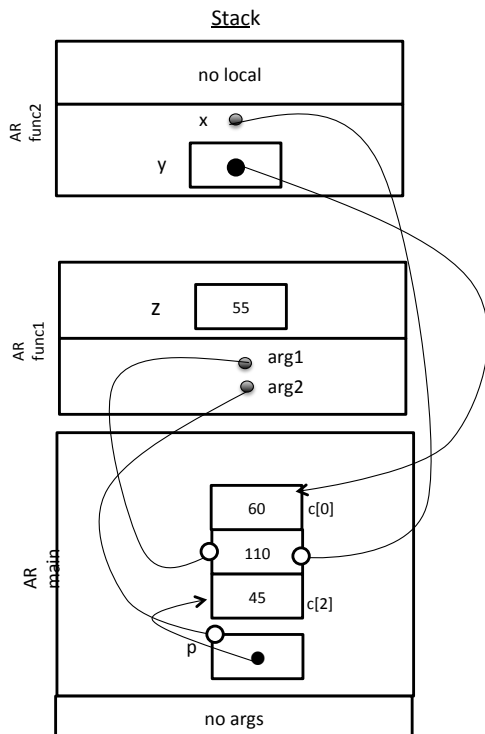

## Point two

### Point three

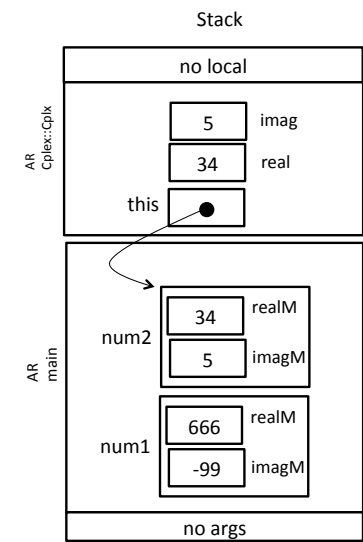

### Exercise B: C++ References

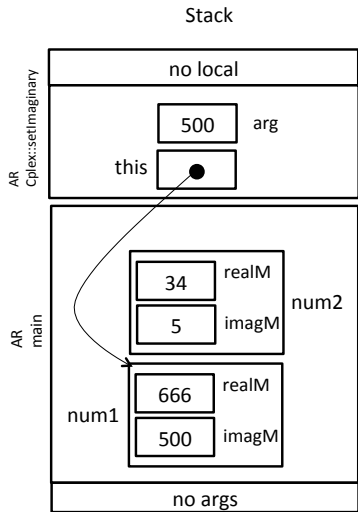

Exercise C

Point One

Point Two

Exercise D:

Program output in order that they appear on the screen	Call is associated with object(s):
ctor called...	a
default ctor called...	d[0]
default ctor called...	d[1]
ctor called...	b
ctor called...	*c
ctor called...	*g
The first four calls to dtor	d[0], d[1], b, c
The last two calls to dtor	a, *p
